

Advanced Clinical Associates, a leading home health agency in the Phoenix Valley, is currently seeking Registered Nurses (RN), with outstanding patient care, critical thinking, communication, and organizational skills to join our dynamic staff in providing unmatched patient care. Advanced Clinical Associates is committed to delivering high-quality, cost-effective, comprehensive home health care for patients with complex medical needs. Due to the increased demand for ACA's unmatched clinical expertise, we are hiring full-time, part-time, and per diem nurses to join our clinical team for 8 to 12-hour shifts or for skilled nursing visits.

Applicants will:

- Be accountable for the management of patient care in the home setting
- Assesses patient needs and coordinate care
- Provide direct patient care (medication administration, trach care, PEG tube management)
- Demonstrate clinical competency in providing nursing care, administering medications and performing procedures related to delivering long-term care to a spinal cord injury patient
- Some ventilator experience is preferred (We will provide vent training if the applicant has no experience)

Applicants must have a current and valid TB Test, Immunization Record, CRP/BLS, AZ or compact state Nursing License in good standing, Driver's License, and Proof of Insurance.

Proficiency with IV therapy, enteral, tracheostomy, and wound vac is preferred.

A minimum of 1 year experience in home care is preferred.
